Update for existing DSLs on Safeguarding
and Child Protection on

Date **1st June 2026**

This Certificate is valid for 2 years

The above-named delegate has advised SFE of enhanced DBS status and confirmed they are not subject to any current safeguarding investigations. The award of this DSL Update certificate assumes the named delegate has already undertaken initial DSL training and is fully training in the wider aspects of the role. SFE takes no responsibility for gaps in knowledge and practice if a delegate has not undertaken that initial in-depth training within the last five years.

Course content included:

- A practical case study example discussing parental challenge and safeguarding concerns
- National and local guidance refresher
- Child Safeguarding Review Panel Annual Report Pointers to Consider
- Information Sharing at Early Help
- Verbal Abuse of Children
- Foetal Alcohol Spectrum Disorder
- Breadth of Eating Disorders
- The Impact on Children of Unhealthy Adult Relationships
